TRADITIONALLY MODERN

VINTAGE DESIGN AND DOUBLE-WALLED FILTER HOLDER

According to our motto *Tradizione in Continua Evoluzione*, the new Gaggia Carezza combines our professional heritage with the latest technology, to delight you with a remarkable Italian Espresso that would have made our founder proud.

Tradizione...

- Boiler temperature gauge for full control
- Perfect pressure for full Espresso taste
- Classic milk frother for a tasty Cappuccino
- Double-walled filter for a hot Espresso
- Coffee pods compatible
- Pre-brewing for flavor enhancing

...in continua evoluzione

- Descaling alarm for longer product lifetime

GAGGIA
MILANO

HIGHLIGHTS

Classic milk frother

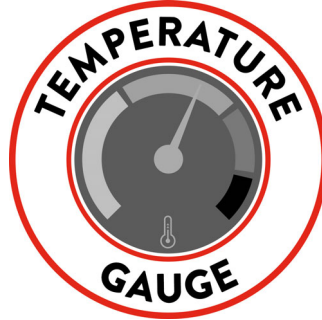

The classic milk frother on this Gaggia Espresso machine, traditionally called "Panarello", turns milk into gorgeous milk froth within seconds for a Cappuccino, a Latte Macchiato or more. It also delivers hot water for tea.

Coffee pods compatible

Our Gaggia manual machines come with a coffee filter for 1 or 2 cups of ground coffee, and a special filter for so called ESE (easy serve Espresso) pods. These ESE pods are perfectly portioned and make it easier to operate a manual Espresso machine.

Boiler temperature gauge

The Gaggia boiler temperature gauge allows professional monitoring of the water temperature in the boiler to always have the best result in cup.

Perfect pressure

The 15bar pressure of your Gaggia coffee machine will make sure you always get the authentic Espresso taste.

Descaling alarm

Your Gaggia machine will indicate when a descale cycle becomes necessary.

Descaling will prolong the lifetime of your Espresso machine significantly and should only be completed with original Gaggia descaler.

Double-walled filter

Your manual Gaggia Espresso machine comes with a pressurized, double-walled filter. This improves Crema extraction as well as isolation for a hotter, creamier Espresso.

Pre-brewing

Pre-brewing ensures that the ground coffee is evenly moistened before the actual brewing process. Only then the water flows through all of the ground coffee and your Gaggia Espresso machine can extract the full aroma for a balanced and tasty Espresso.

SPECIFICATIONS

Weight and dimensions

- Product weight: 4 kg
- Water tank capacity: 1,4 l
- Product dimensions: 21,0 x 30,0 x 28,0 cm

Technical data

- Frequency: 50 Hz
- Power: 1900 W
- Pump Pressure: 15 bar
- Voltage: 230 V
- Boiler: Stainless steel

Design

- Colour: ink black
- Materials and finishing: abs+S/S

Features

- Brita Filter compatible
- Cupholder
- Hot water / Steam Nozzle
- Interface: Direct buttons
- Simultaneous brewing
- Suitable for Kit Pods E.S.E.
