#### Tradizione...

- Perfect pressure for full Espresso taste
- Classic milk frother for a tasty Cappuccino
- Coffee pods compatible
- Pressurized filter holder for perfect crema

**GAGGIA**  
MILANO

## HIGHLIGHTS

### Classic milk frother

The classic milk frother on this Gaggia Espresso machine, traditionally called "Panarello", turns milk into gorgeous milk froth within seconds for a Cappuccino, a Latte Macchiato or more. It also delivers hot water for tea.

### 15 Bar

The 15bar pressure of your Gaggia coffee machine will make sure you always get the authentic Espresso taste.

### Coffee pods compatible

Our Gaggia manual machines come with a coffee filter for 1 or 2 cups of ground coffee, and a special

filter for so called ESE (easy serve Espresso) pods. These ESE pods are perfectly portioned and make it easier to operate a manual Espresso machine.

### Cup warmer

Your Gaggia Espresso machine has an energy-efficient integrated heating element to provide pre-warmed coffee cups. Pre-warming a cup will ensure your Espresso stays hot for longer.

### Pressurized filter holder

The pressurized filter holder on your Gaggia machine will create an Espresso with the perfect Crema.

## SPECIFICATIONS
